

WILSON ORDERS TROOPS FROM THREE BORDER STATES

CALLS STATE MILITIA TO AID FUNSTON

WILSON CALLS NATIONAL GUARD OF TEXAS, ARIZONA AND NEW MEXICO INTO SERVICE.

ALSO MORE REGULARS

Three Regiments of Regular Infantry Will Be Dispatched Increasing Border Force By 7,000 Men.

[BY ASSOCIATED PRESS.] Washington, May 9.—President Wilson has called out the militia of Texas, Arizona and New Mexico to deal with the border situation.

Secretary Baker today issued the following statement regarding use of the militia:

"The outbreak in the Big Bend district of the Rio Grande has so far further emphasized the danger of similar occurrences along our long border. The president has called out the militia of Arizona, New Mexico and Texas, and directed them to report to General Funston, who will assign them to stations along the border for patrol duty."

In addition to that, two additional regiments of the regular infantry have been directed to proceed to the border, and such further arrangements will be made as are necessary for complete security for the people of the United States against raids of this character.

Provides 4,000 Men. Secretary Baker said the militia of three border states would make available about 4,000 men. In addition, three regiments of regular infantry were ordered to the border. These regiments were 13th infantry, now at Plattsburg, N. Y.; the 3rd infantry at Madison barracks, divided between Watertown and Oswego, N. Y.; the 21st infantry, Fort Lawton, near Seattle, Washington.

The total addition force sent to the border under these orders, including both regulars and militia, is approximately 7,000 men.

Secretary Baker announced also published reports that the raid upon Glenn Springs had been organized on the American side. The raid had been telegraphed to General Funston that he might investigate.

More Troops Sent Forward. Marathon, Tex., May 9.—Officers of Troops F and H of the Fourteenth cavalry and machine gun troops clattered away today towards the Mexican border. This force plans to reinforce the troops of cavalry that moved forward yesterday from a new army base here to Glenn Springs, which was raided by a large band of Villistas last Friday.

It was intimated that if the troops that have been sent south from Marathon should encounter any of the raiders they should be relentlessly pursued even if the trail lead into Mexico, but that there could be no intention of sending the few hundred men any great distance into Mexico because of impossibility of supporting a long line of communication.

War or Peace Strength? San Antonio, May 9.—Officers at department headquarters are waiting to ascertain whether the militia of Texas, Arizona and New Mexico has been called out for war or peace strength. If war strength is desired each infantry will be 1,000 men, the peace strength is about 65 men in each company.

Texas Guard Ready. Austin, Tex., May 9.—Brigadier General John H. Griffin, 120th infantry officer and 23rd enlisted man of the Texas national guard, are here for the officers' camp, which may be broken up entirely by the president's call for the militia. Griffin said every member of the national guard in Texas could be enroute within forty-eight hours.

1,100 From New Mexico. Santa Fe, N. M., May 9.—New Mexico's forces, consisting approximately of 1,100 men, can be on their way to the border within twenty-four hours, according to a statement today by Adjutant General Harry Herring.

Arizona Quota 500. Phoenix, Ariz., May 9.—The Arizona national guard of 500 men will be ready for service on the border by Wednesday morning, it was announced today.

6,118 in Texas Guard. Dallas, Tex., May 9.—The war strength of the Texas national guard is 6,118 men, according to a statement by Adjutant General Hutchings.

STATE HOSPITAL TROUBLE CONTINUES

Brother of Former Steward to Be Arrested for Misappropriating Money Belonging to State.

[BY ASSOCIATED PRESS.] Oshkosh, May 9.—A warrant has been issued out of municipal court here for the arrest of David G. Bachler, former bookkeeper and steward at Northern Hospital for the Insane at Waukegan, Wis., on the charge of wrongful conversion to his own use of a sum of money belonging to the state. He is a brother of Alfred A. Bachler, also a former steward at the Northern hospital, who is now awaiting trial in circuit court here on the charge of embezzlement and larceny by the bailee.

The district attorney made the complaint as a result of developments in the Alfred A. Bachler case, which is scheduled to come to trial on Monday. David Bachler is charged with misappropriating \$55 of the state fund.

STRIKERS IN RUSH TO GET OLD PLACES

Fifteen Thousand Workers at Westinghouse Plant Eager to Return to Work Under Old Conditions.

[BY ASSOCIATED PRESS.] Pittsburgh, May 9.—The strike of 15,000 electrical workers and shell makers of the Westinghouse Electric and Manufacturing company, at East Pittsburgh, ended today in a mad rush of the strikers to regain their old places under old working conditions and salaries.

President E. M. Herr had refused all demands, and told the strikers' committee yesterday that unless all the employees were in their places this morning they would lose all the benefits accruing to them under the company's compensation and pension system. The strike, which was called April 22, was to enforce an eight hour day, and according to the company cost the workmen \$1,397,500 in wages.

THREATENED EXPOSE CAUSE OF SUICIDE

Wife Tells Police Only Feasible Reason for Husband's Death Was Her Threat of Arrest.

[BY ASSOCIATED PRESS.] Marinette, May 9.—Samuel Navan, thirty-six, of Iron River, Mich., committed suicide last night by hanging himself in the hayloft of his barn, where he was in the habit of sleeping part of the time. His body was found this morning by a neighbor. The only reason she knew for the tragedy was because she had threatened to have him arrested for running a "blind pig."

Green Bay, May 9.—Ill health is believed to have caused Constance St. Claire, an old resident, to take his own life. His body was found hanging from a rafter in a barn by his daughter. He was sixty-nine years old.

FOUR MONTHS BABY DIES MYSTERIOUSLY

Iron River, Mich., Child, Well and Healthy, Saturday, Found Dead Sunday—To Examine Stomach.

[BY ASSOCIATED PRESS.] Marinette, May 9.—Unusual circumstances surround the death of the four month old baby boy of Mr. and Mrs. Leon LaPort of Iron River, Mich. The baby was apparently in good health last Saturday night, and was dead Sunday morning. The coroner could give no cause of the death and as no doctor was called, an investigation was ordered by the coroner. The stomach of the little was sent to a Chicago chemist for examination and the result depends future action in the matter.

LIGHTNING KILLS RAILROAD LAWYER

Chicago Man, C. M. and St. P. Ry. Legal Representative Meets Death in Camp Near Marinette.

[BY ASSOCIATED PRESS.] Marinette, Wis., May 9.—Henry Strickler of Chicago, legal representative of the Chicago, Milwaukee and St. Paul railroad, was killed when struck by lightning while in a tent north of Marinette, near the old camp of the Chicago, Milwaukee and St. Paul railroad, which was destroyed by lightning yesterday. The son, who was slightly injured, has fully recovered.

DEMAND FOR JAPANESE CLOTH IS STEADILY ON THE INCREASE

[BY ASSOCIATED PRESS.] Tokyo, May 9.—The demand for Japanese cotton cloth of the various kinds is steadily increasing in China, India and Russia, where stocks of European goods are beginning to run short on account of the continuing war. The Japanese war effort has received from England a supply of cotton cloth of superior quality but she is now supplying England with large quantities of this material. Foreign textile views are, however, expressed in some quarters in Japan as to the future of the cotton cloth trade here, because the manufacturers are experiencing considerable difficulty in obtaining the necessary supply of dyes, stocks of which are fast diminishing. Japan is now trying to manufacture her own dyes.

Keep Promises and Avoid Break President's Message to Kaiser

Washington, D. C., May 9.—Following is the text of the note cabled today by Secretary Lansing to Ambassador Gervard at Berlin with instructions to deliver it to the German minister of foreign affairs:

"The note of the imperial German government, under date of May 4, 1916, has received careful consideration by the government of the United States. It is especially noted as indicating the purpose of the imperial government, as to the future, that it is prepared to do what is necessary to bring about a settlement of the war for the rest of its duration to the fighting forces of the belligerents, and that it is determined to impose upon all its commanders and see the implementation of the rules of international law upon which the government of the United States has insisted. Plain Statement. "The government of the United States feels it necessary to state that it takes it for granted that the imperial German government does not intend to imply that the maintenance of its newly announced policy is in any way contingent upon the course or result of diplomatic negotiations between the government of the United States and any other belligerent government, notwithstanding the imperial government's statements in the imperial government's note of the 4th instant might appear to be susceptible of that construction."

DO NOT ASK THAT TROOPS WITHDRAW

CARRANZA'S ENVOY TELLS LANSING THERE IS NO TRUTH IN REPORTS OF DEMAND BY OBREGON.

[BY ASSOCIATED PRESS.] Washington, May 9.—After an early conference with Secretary Lansing today, Eliseo Arrondondo, General Carranza's ambassador, said he had told the secretary "there is not a bit of truth" in reports from the border that General Obregon had demanded the withdrawal of American troops. The ambassador denied also that Mexican troops had been disposed during the El Paso conference, and so as to threaten General Pershing's line of communications.

Mr. Arrondondo asked increased vigilance be exercised by the American border authorities against activities of the enemies of both countries, which, he said, were seeking to force them into war by border raids.

Raid Planned in U. S. "The de facto government," Arrondondo said, "has official and accurate information that the attack on Glenn Springs was organized in the United States. It is feared other similar movements might occur. We have our information before Secretary Lansing. We have accurate information of at least two separate places on the border where raids are now being planned by these interested parties."

Mr. Arrondondo declared Antio Villa Real was the real instigator of the Glenn Springs raid, according to his information. Villa Real recently fled Nuevo Laredo, he said, in an effort to foment mutiny in the Carranza garrison.

The ambassador described the object of the filibusters as being "according to the Mexican propaganda in Mexico, which, he said, was a radical organization with which Villa Real has been affiliated twenty years."

El Paso, May 9.—Arrangements for another conference between Generals Scott and Obregon were being made today. At Obregon's headquarters it was stated it was being interviewed with Secretary of State Lansing. The subject of his mission was not made known.

Funston to Return Soon. El Paso, May 9.—On receipt of news that President Wilson had ordered the Texas, New Mexico and Arizona militia, General Funston announced today that he would return to his headquarters at San Antonio just as soon as he could arrange to do so. His departure will be upon arrangement he can make to General Scott relieving him from participation in the conference with General Obregon.

Approves Protocol. Washington, May 9.—Special Agent Rodolfo C. Mexico City, telegraphed the state department that General Carranza had indicated his approval of the tentative border protocol which has practically been concluded by General Scott and Obregon.

Eliseo Arrondondo, ambassador designate from the Mexican de facto government, made an appointment early today for an immediate interview with Secretary of State Lansing. The subject of his mission was not made known.

Funston to Return Soon. El Paso, May 9.—On receipt of news that President Wilson had ordered the Texas, New Mexico and Arizona militia, General Funston announced today that he would return to his headquarters at San Antonio just as soon as he could arrange to do so. His departure will be upon arrangement he can make to General Scott relieving him from participation in the conference with General Obregon.

LUTHERAN PASTORS HOLD LARGE MEETING TODAY TO DISCUSS PROBLEMS

[BY ASSOCIATED PRESS.] Oshkosh, May 9.—Lutheran pastors of Winnebago, Fond du Lac, Green Lake, Waushara and other counties of this section were in conference here today to discuss problems. About twenty-five pastors attended. The next place of meeting will be decided tomorrow.

Keep Promises and Avoid Break President's Message to Kaiser

Washington, D. C., May 9.—Following is the text of the note cabled today by Secretary Lansing to Ambassador Gervard at Berlin with instructions to deliver it to the German minister of foreign affairs:

"The note of the imperial German government, under date of May 4, 1916, has received careful consideration by the government of the United States. It is especially noted as indicating the purpose of the imperial government, as to the future, that it is prepared to do what is necessary to bring about a settlement of the war for the rest of its duration to the fighting forces of the belligerents, and that it is determined to impose upon all its commanders and see the implementation of the rules of international law upon which the government of the United States has insisted. Plain Statement. "The government of the United States feels it necessary to state that it takes it for granted that the imperial German government does not intend to imply that the maintenance of its newly announced policy is in any way contingent upon the course or result of diplomatic negotiations between the government of the United States and any other belligerent government, notwithstanding the imperial government's statements in the imperial government's note of the 4th instant might appear to be susceptible of that construction."

TURKS CONTEMPLATE ADVANCE ON EGYPT; RAILROAD IN SHAPE

Recent Defeat of British Forces Adds Zeal to Undertakings—Germans Claim Gains on Verdun Front.

[BY ASSOCIATED PRESS.] Berlin, May 9.—Preparations for another advance on Egypt are being made by the Turks, the Overseas News Agency reports.

"The construction of a railroad through the desert is being advanced rapidly, according to Constantinople dispatches," the news agency says. "In view of their defeat at Quatia, and the possibility of another surprise attack the British are conducting a plane raid constantly along the front east of the canal with the intention of destroying the railroad. The native tribes have been deeply impressed by recent British failures."

Take French Trenches. The capture of several French trenches on the Verdun front south of Haucourt was announced by the war office today.

The Germans have lost 3,000 officers since the beginning of the war, according to private statistics compiled in Germany. This includes killed, wounded or missing.

Germany Storm Hill 304. Paris, May 9.—After a violent bombardment of French positions on Hill 304 on the Verdun front, the Germans attempted to advance at three o'clock this morning. The attack was repulsed completely. French counter attacks east of the Meuse drove the Germans from certain positions they had captured.

Rain Bombs on Port Said. London, May 9.—A Reuter dispatch from Cairo says two hostile aeroplanes dropped eight bombs on Port Said Monday morning. Three civilians were wounded and attackers were driven off by fire of anti-aircraft guns. No property was damaged.

DUBLIN CASUALTIES STATED BY ASQUITH

Number of Deaths, 142; 388 Wounded Among Troops of England, Announced Premier.

[BY ASSOCIATED PRESS.] London, May 9.—The casualties in Dublin in the recent uprising were 124 killed, 388 wounded and 9 missing, 621 among his majesty's troops and the royal Irish constabulary, Premier Asquith announced in the house of commons today.

Calls Executions Atrocious. London, May 9.—Scottish military executions are becoming an atrocity," says the Manchester Guardian in an editorial supporting the appeal which John Redmond, the Irish leader, made for clemency for Irish rebels. "Four more men were shot yesterday and there is no sign that this is about to stop."

Can understand that it may have been desired in the first instance, that swift punishment should be seen to follow the offense and that an example should be set and stern warning given, but this purpose has long since been served."

GRANT AN INCREASE TO COKE LABORERS

Merchants Allow Five and Ten Per Cent Wage Scale to Workmen to Go Through.

[BY ASSOCIATED PRESS.] Connellsville, Pa., May 9.—Merchant coke operators are meeting the recent five and ten per cent wage advance of the H. C. Erie coke company, notices being posted by a dozen or more companies new prices would become operative today. It is the second advance this year, and coke authorities say it constitutes the highest wage for like labor in the world.

SHIP BOMB PLOTTERS GET PRISON TERMS

Former German Army Lieutenant Convicted and Sentenced to Federal Prison Today.

[BY ASSOCIATED PRESS.] New York, May 9.—Robert Fay, former lieutenant in the German army, and his brother-in-law, Walter Schuler, convicted in the federal court yesterday of conspiring to destroy munition ships of the allies through bomb contrivances, were today sentenced to serve eight years each in the federal penitentiary at Atlanta. Paul Daeschle, also convicted, but with a recommendation of leniency, was sentenced to two years.

BROTHER MINISTER PAYS PRE-ORDINATION PLEDGE

[BY ASSOCIATED PRESS.] Oshkosh, May 9.—Edward Kuhlmann, pastor of the First Lutheran church of this city, and possessing a state wide reputation as a painter of landscapes, and Miss Hattie Koebel of Merrill, Wisconsin, were married here this noon. The ceremony was performed by Rev. Lewis Gast of Green Bay, a schoolmate of the groom, who carried out his part of a compact the young men made that each was to officiate at the wedding of the other. Mr. Kuhlmann carried out part of the arrangement about two years ago. The couple will visit in the east and will occupy a new parsonage being built by the groom's congregation.

MICHIGAN PROGRESSIVES HOLD STATE CONVENTION

[BY ASSOCIATED PRESS.] Jackson, Mich., May 9.—Theodore Roosevelt was the keynote of the state convention of the national progressive party here today. When H. H. Bat-dorff of Battle Creek, in his address as temporary chairman, declared himself in favor of Roosevelt's nomination, tumult broke loose.

NO WARNING FOR CYMRIC SAYS FROST

U. S. CONSUL SENDS REPORT ON TORPEDOING OF WHITE STAR LINER SUNK OFF IRELAND.

[BY ASSOCIATED PRESS.] Washington, May 9.—In reporting the torpedoing of the White Star liner Cymric to the state department today, American Consul Frost at Queenstown said five of her crew of 107 were killed by the explosion. He said it appeared the attack was made without warning. The survivors, he said, would land today about noon at Bantry.

Word at New York. New York, May 9.—A message received from the White Star offices here from the office in London said the Cymric sank at 3:10 p. m. The message concluded: "Believed crew saved."

An earlier cablegram today, the first official word received by the line's office here, was sent from London last night, reading:

"Regret to inform you that Cymric was torpedoed at noon today. Ship believed sinking." The second message read:

"Cymric left New York, April 29 without passengers. Supposed mixed cargo with horses. In admiralty service. Ship still afloat but provisionally abandoned. Survivors will probably land at Bantry, May 9."

Get News of Sinking. The latest dispatch from Consul Frost reaching the state department at eight o'clock this morning, stated:

"Cymric sank at 3:00 a. m. today, crew arriving at Bantry about noon."

Ver Sinks, Lloyd Report. London, May 9.—Lloyd's report that the White Star liner Cymric sank at three o'clock this morning. All on board were saved.

London dispatches yesterday said the 13,000 ton steamship Cymric had been torpedoed by a German submarine. A message from Queenstown last night said the vessel was torpedoed at four Monday afternoon, was still afloat and proceeding to an Irish port. The Cymric left New York April 29 with a large cargo of war munitions for Liverpool, and had been in the fleet in service for several weeks and carried no passengers. Her crew numbers 100 men, none of whom as far as is known at the White Star offices at New York, is an American.

RAILROAD ANNOUNCES RAISE TO SHOP MEN

C. B. & Q. Increases Pay of Shop Workmen One to Two and a Half Cents Per Hour.

[BY ASSOCIATED PRESS.] Chicago, May 9.—The Chicago, Burlington & Quincy railroad announced today increase in wages for all shop hands on the system, amounting from one cent to two and a half cents an hour, it is said. Officials of the road stated that the raise is a voluntary gift to the men. The raise dates back to May 1.

CHICAGO FACTORY SUFFERS BIG LOSS

[BY ASSOCIATED PRESS.] Chicago, May 9.—Fire of unknown origin today destroyed the factory of Herbold Chair company on the west side here. The loss is about \$300,000.

NATIONAL GUARDSMEN PRACTICE ART OF WAR WITHIN SIGHT OF U. S. CAPITOL

National guardsmen in Washington; capitol dome in distance.

Since the recent trouble in Mexico began it has been the ambition of every national guardsman around Washington to qualify as a first-class gunner. For the convenience of visiting guardsmen, and for others who have to utilize odd moments snatched from their work, army officers have set up field pieces on the capitol grounds. Here contestants go through all the motions of loading, aiming and firing under the spur of stop-watches and expert supervision.

STRIKE IS ORDERED BY GARMENT-MAKERS

Chicago Will Be Seriously Affected—Other Labor Disturbances Reported.

Rochester, May 9.—The Amalgamated clothing-workers of America in biennial convention here today declared a strike in Chicago clothing market, affecting 40,000 workers.

Strike Starts. Chicago, May 9.—The advance guard of what may be a general strike of garment workers in Chicago went out today when about 600 cutters and trimmers quit work shortly after they reported for duty this morning. Frank Rosenblum, member of executive board of Amalgamated clothing workers, said he would have 1400 more cutters and trimmers out by tomorrow morning.

Plants Picketed. Those who struck today immediately began picketing the plants they quit. B. Kuppenheimer & Company, Mayer Brothers, Hirsch, Wickwar & Company, Alfred Becker and Cohn, and Rosenwald and Weil. They were detailed to watch the plant.

Affect Many Others. Rosenblum said that as result of walkout of cutters and trimmers eight thousand garment workers would be affected within a day or so and within a few days about 14,000 would be affected.

Cleveland Compromises. Cleveland, O., May 9.—Mediator Fred C. Croxton, announced today that the nine-day strike of 600 electricians here had been settled. The men will go back to work Wednesday he said.

The men asked for 75 cents an hour. They have been getting 68 cents. The settlement provides they shall have 70 cents an hour at once, 72 and a half in three months, and 75 cents May 1, 1917.

Tanners Walk Out. Chicago, May 9.—3000 tanners employed by five firms went on strike last night and today demanding an increase in wages and right to organize.

ARREST HOME OWNER ON MURDER CHARGE

Investigation Shows Aged Inmate of Home Died From Poison—Suspect Denied His Guilt.

[BY ASSOCIATED PRESS.] Hartford, Conn., May 9.—Hartford county authorities and state police today continued their investigation of the death of Franklin R. Andrews of Cheshire and other inmates of the state prison who died in the prison at Windsor. Amie E. Archer-Galligan, proprietor of the home, is under arrest charged with Andrews' murder. An autopsy, it is charged, showed poison had been administered to him.

Mrs. Galligan denies any connection with the death. "I will prove my innocence," she said, "if it takes my last mill. I will hang before they prove it."

According to authorities secret autopsies performed on bodies of two other inmates indicated that other deaths there of the forty-eight which had occurred in the last five years may not have been due to natural causes.

Mrs. Galligan, who is now held without bond, may be presented before the grand jury next month for indictment for death of Andrews.

DYNAMITE STORAGE BUILDINGS BLOW UP

Newark, N. J., May 9.—Two buildings stored with dynamite belonging to the plant of the Atlas Powder company at late Monday blew up shortly after one o'clock today, killing at least four men, according to telephone advice received here. The explosion shook New Jersey towns within a radius of twenty-five miles.

RUSH FOR TICKETS TO G. O. P. MEETING

Chicago, May 9.—Three applications have been made for every one of the 1,000 tickets to the republican national convention here next month, according to Frederick W. Upham, chairman of the local committee on arrangements.

BOAT WRECK OFF DULUTH KILLS SCORE

TWENTY MEN DROWNED WHEN TERRIFIC LAKE GALE BREAKS FREIGHTER IN TWO.

Second Mate and One Other Are Picked Up by Other Lake Steamers—Companion Boat Escapes Being Destroyed.

[SPECIAL TO THE GAZETTE.] Duluth, May 9.—Twenty lives were the first toll of death in steamer losses on the Great Lakes this season when the steamer Kirby of the Northwestern Transportation line foundered yesterday morning at eleven o'clock off Eagle Harbor, 194 miles from Duluth, with all but two of her crew. Only a second mate and one other of the crew were saved.

Boat Broke in Two. The boat broke in two and foundered. Just what the cause was will never be known, but it is supposed the strain of fighting the heavy seas thrown in the gale that swept Lake Superior yesterday found some weak spots, although the United States inspectors of hulls and boilers here declare the Kirby was inspected this spring and found in good condition.

The second mate was brought here this morning by the steamer Berwin, which brought coal, and the steamer Joseph H. Block picked up another of the crew and proceeded down the lake with him. The Berwin tried to rescue another of the crew on a raft, but the man was so exhausted by the buffetings of the waves, and by the cold, he fell off the raft and was drowned before aid could reach him.

Kirby's Consort in Two. The steamer Utley, which happened along shortly after the foundering, picked up the Kirby's consort, the George B. Hartnell, and towed her down the lake. She probably will be taken to her destination in Lake Erie. Both the Kirby and Hartnell loaded ore at Ashland, and left there Sunday. The steamer Kirby was just outside of Duluth harbor. The Hartnell drifted on the beach on Minnesota point and was the object of a good deal of excitement for days before she was released.

The Kirby was of wood and steel and built in 1890. She was 294 feet long, 42 feet beam and a tonnage of 2,338.

NEED TO CO-OPERATE IN SUFFRAGE FIGHT

Lay Aside Personal Differences in Plea of Speakers at Mississippi Valley Conference.

[BY ASSOCIATED PRESS.] Minneapolis, May 9.—Warning women to put aside personal differences and co-operate in the fight for equal suffrage in Nevada. "The districts which have failed to observe this fact are still fighting in the dark." The most effective methods of conducting campaigns were discussed by Kate Gordon of Louisiana, and problems encountered in reaching and organizing the rural districts were outlined by Mabel Dunlap Curry of Indiana.

PINNED UNDER HAYRACK MAY COST FARMER'S LIFE

[BY ASSOCIATED PRESS.] Eau Claire, Wis., May 9.—George Cliff, fifty-two, a farmer of the town of Union, is dying as the result of internal injuries received Monday when caught in a windstorm driving home from the city. The city was so great it overturned his hay rack, pinning him under it.

Oshkosh Man Hurt

Oshkosh, May 9.—A freak of yesterday's gale of wind here blew Charles Kaubach from a roof of a residence where he was making repairs. He fell to the ground and broke one of his arms.

Applied Proverb of General Appeal

"The power of dress is very great in commanding respect." Every man should take thought of that proverb; every woman will.

To dress badly is to mark one's self down as a fool. Between the extremes is the happy mean.

Good clothes are a rung in the success ladder for man or woman.

And the guide to good dressing, to sensible well made clothes, sold at honest valuations will be found in the advertising of this newspaper. It's worth reading.

EYE COMFORT FOR READING AND DISTANCE

KRYPTOK Glasses are a wonderful convenience to middle-aged men and women who wear glasses.

You can see both near and far objects through KRYPTOKS with equal distinctness. Yet KRYPTOKS cannot be distinguished from single-vision glasses.

KRYPTOK GLASSES
THE ONLY INVISIBLE BIFOCAL

and the nuisance of removing your reading glasses every time you look across the room or at a distance. They relieve the tiring strain upon your eyes caused by frequently looking through your glasses at objects three or four feet away.

KRYPTOKS are solid lenses without seam, line, or blur. They are the only bifocals with smooth, even surfaces—no age-revealing, vision-blurring lines, seams, or shoulders.

NEED TO CONTINUE GOOD SERVICE DONE BY DENTAL CLINIC

Janesville Public Can Scarcely Expect Local Dentists to Donate Further Toward Project.

For two years the Janesville dental clinic has been in operation and during this time eight local dentists have been donating their time and service to secure the establishment of the project. Two mornings each week during the school year have been devoted to the work, each dentist taking his turn leaving his own business to further the work of the clinic. In addition to the treatment of children at the clinic room in the city hall, the dentists have also done a considerable amount of inspection work in the graded schools each year in the interest of better oral hygiene among the young people of Janesville. A conservative estimate of the value of the time given by the dentists is \$1,000 a year, or more than \$100 for each of the eight dentists.

With the clinic firmly established in the city and its worth proven, the committee in charge of the project, composed of Mrs. John G. Reardon, Mrs. P. L. Munger, Miss Agnes Weber, Dr. I. M. Holsapple and A. S. Krotz, is now facing the problem of its continuance. In fact the amount of work to be accomplished has gone far and away beyond the amount which the eight dentists can handle in the limited amount of time which they can give, as the waiting list of cases requiring attention at the clinic is large, and the sphere of activity should be broadened considerably to include a permanent inspection system of all children in the public graded schools.

It has been brought to the attention of the committee that the dentists of the clinic can no longer be expected to contribute so largely to the furtherance of an enterprise which is essentially charitable and public in its scope. The financing of the clinic permanently is the problem which the committee is endeavoring to solve. The future plan which is being contemplated includes the employment of a permanent dental nurse to have entire charge of the clinic and its operation work, giving his or her entire time. Lady dentists, it is stated, can be secured for about the same amount in money value which the local dentists donate in their services. At present the city is furnishing the room for the clinic and an annual appropriation of \$100 which covers the cost of supplies. A dental nurse would give two days out of each week to inspection duties making a report on the condition of the teeth of every child in the city which would be of value to parents who are able and willing to pay for the necessary dental attention as well as to those whose children would make use of the clinic. The remainder of the time would be spent at the clinic where the nurse would administer treatments to such children as are unable to pay dentists' bills.

The whole importance of this dental work is the fact that it is largely preventive, said one of the members of the committee today in discussing the matter. "Proper attention given to children's teeth in time may mean the difference between disease and health. It is just as necessary to give a child's first teeth needed treatment as it is to care for the second set. A decayed first set means a decayed and faulty second set. There are some children in this city whose dentists

the clinic tell me, who will not have a sound tooth in their mouth when they are twenty years old. The truth is rapidly becoming known that defective teeth are responsible for a large amount of disease, including throat troubles, especially as well as general health conditions. How can we expect children to attain their fullest development with a mouth containing numerous diseased teeth, many of which are in an advanced condition, discharging poisonous pus into the mouth and system?"

The dentists who have devoted their time to the work feel that the clinic has proved of value to the city in the past two years, was the expression of one of the dentists. "It is strictly a charitable institution, is located in a public building and is open to all persons who are worthy of much emphasis cannot be placed upon the necessity of early dental attention. If the temporary teeth are lost before their proper time, the permanent teeth erupt in various degrees of irregularity which greatly interfere with the development of the bones of the face. This clinic should be kept in operation to take care of those children who would otherwise be unable to receive the necessary attention early in life."

Drs. I. M. Holsapple, J. R. Whiffen, D. Leary, G. E. Thuermer, R. R. Powell, J. F. Hart, P. G. Wolcott and C. W. Peirce have been actively associated with the clinic work for the past two years. They have been most public spirited in their feeling that the work has become a permanent institution and has considerably outgrown its original scope so that it requires more and more attention than they feel called upon to give. It is this situation which the committee is facing and any suggestions at a satisfactory and permanent solution will be enthusiastically welcomed. It is pointed out that the clinic has been adopted in this city have been adopted in many cities all over the country, so that dental nurses rank in importance with visiting nurses and the city health officer.

ENTERTAINED FOR A NOTABLE DIVINE

Allie Razook Host at Dinner Monday Evening in Honor of Distinguished Visitor.

Monday evening Allie Razook entertained at his residence, 514 Glen street, in honor of Reverend P. Salamon, of La Crosse, one of the noted divines of the Greek Orthodox church located in Wisconsin, and George Stry of San Francisco. Previous to the evening feast a special service of the Greek church was held, with a sermon by the visiting divine. Then followed a most elaborate meal. The tables were decorated with cut flowers and the twelve guests partook of the delicious dishes of the Syrian people with many courses and American dishes.

BONITA CLUB DANCE IS DELIGHTFUL AFFAIR

Sixty couples last evening attended at Terpsichorean hall the dancing party given by members of the Bonita club. It was one of the most delightful occasions for the younger set of the city. Miss Marion Weirick and Carl Keller furnished the musical program. Every number was full of pep and swing and at an early hour the crowd was mixing freely and enjoying the occasion to the fullest extent. Misses Veronica Hartnett, Genevieve Cox, Kathaleen True, Marie Donahue, Gertrude Cassidy, Margaret Denning, Flora Ryan and Genevieve Cushing are members of this club.

HOG TRADE IS LOW ON TODAY'S MARKET

Prices Decline Five Cents at Opening With Bulk at \$9.70 to \$9.85

Sheep Demand Active.

[BY ASSOCIATED PRESS.]

Chicago, May 9.—Demand for hogs was slow this morning with prices at a five cent decline at the opening of the market. A few orders of heavy butchers sold up to \$9.95 but bulk brought \$9.70 to \$9.85. Sheep demand was brisk while cattle trade continued steady. Today's price list follows:

Cattle—Receipts 4,000; market steady; native beef steers \$7.70 to \$9.55; western steers \$7.90 to \$8.85; stockers and feeders \$6.80 to \$8.40; cows and heifers \$6.00 to \$9.35; \$6.50 to \$9.50. Hog—Receipts 14,000; market slow early advance of 5c mostly lost; light 9.30 to 9.85; mixed 9.40 to 9.90; heavy 9.35 to 9.90; rough 9.35 to 9.50; pigs 7.25 to 9.00; bulk of sales \$8.65 to \$8.85.

Sheep—Receipts 9,000; market strong; \$8.90 to 9.30; lambs, native, \$7.75 to 11.75; spring lambs \$11 to 12.

Butter—Lower; creameries 26 to 28. Eggs—Higher; receipts 35,000 cases; cases at market, including 19 to 20; ordinary firsts 19 to 20; prime firsts 20 to 21.

Potatoes—Unchanged; 22 cars.

Wheat—May, Opening 1.14 1/2; high 1.15 1/2; low 1.13 1/2; closing 1.14 1/2; July, Opening 1.15 1/2; high 1.16 1/2; low 1.14 1/2; closing 1.15 1/2.

Corn—May, Opening 75 1/2; high 76 1/2; low 74 1/2; closing 75 1/2; July, Opening 75 1/2; high 76 1/2; low 74 1/2; closing 75 1/2.

Oats—May, Opening 47 1/2; high 48 1/2; low 46 1/2; closing 47 1/2; July, Opening 47 1/2; high 48 1/2; low 46 1/2; closing 47 1/2.

Cash Market.

Wheat—No. 2, nominal; No. 3, red nominal; No. 2 hard nominal; No. 3 hard 1.11 to 1.14 1/2.

Corn—No. 2 yellow 75 1/2 to 76 1/2; No. 4 yellow nominal.

Oats—No. 2 white 44 1/2 to 46; standard 43 to 44.

Timothy—\$4.50 to 7.75.

Clover—\$8.00 to 14.00.

Pork—\$28.50 to 34.00.

Butter—\$12.30 to 12.82.

Ribs—\$2.91 to 2.97 1/2.

Rye—\$3 to 3.10.

Barley—\$3 to 3.10.

Monday's Market.

Chicago, May 9.—Large packing droves of hogs cost \$9.58 to \$9.76 yesterday, or 7 to 8¢ lower than Saturday. Closing trade weak at 10c decline. Top \$9.60.

Average price of hogs at Chicago was \$9.75, against \$9.81 Saturday, \$9.80 a week ago, \$1.45 a year ago and \$8.37 two years ago.

Beef steers sold largely at 10 to 15¢ decline yesterday. Fancy 15 1/2 to 16¢, beaver made \$9.90, within 5¢ of last week's top and only 15¢ below year's high point. Butcher stock, including cows and calves steady with last week's close. Quotations:

Choice to fancy steers \$9.35 to \$9.90; good to choice \$8.50 to \$9.30; Yearlings, fair to fancy \$8.50 to \$9.50; Fat cows and heifers \$7.20 to \$9.50; Canning cows and cutters 4.15 to 7.10; Native bulls and steers 6.15 to 8.65; Feeding cattle, 600 to 1,100 5.50 to \$8.55; Poor to fancy veal calves 6.25 to \$9.50.

Late Hog Market Weak.

Yesterday's hog market closed top heavy with 7,000 left in the pens. Price range was wider, fancy class selling at \$9.95 and 160-lb. averages as low as \$9.25, with good 100-lb. pigs at \$9.50. Quotations:

Heavy butchers \$9.65 to \$9.85; Heavy butchers and ship-

The Store That Sells Wooltex

Don't Buy a Summer Skirt That Must Be Made Over After Laundering

Choose a Wooltex-shrunk wash skirt—it fits when you buy it; it fits after you launder it.

When you buy a summer wash skirt, you shouldn't have to make it over after it is laundered. You've doubtless had the experience and know the annoyance it caused you, to say nothing of the uncertain result.

The only washable skirt that can be depended upon always to fit, is one in which the materials, even to the belting, are pre-shrunk the Wooltex way.

Launder them every week, if you wish. When they come back from the laundry, you'll not have to put on a new waist band or let out the hem.

Fashionable, smartly tailored and beautifully fitting are these Wooltex tailored summer skirts.

Mr. and Mrs. John Schmaling of Delavan were Sunday guests of Mr. and Mrs. C. Craig.

Ruth Fye is ill with measles at the home of her aunt, Mrs. Fred Winston, of Evansville.

C. Craig is much improved and is able to sit up.

Mrs. John Morton is very sick at present writing. Her daughter, Margaret, who is attending high school in Janesville, was called home.

Mr. and Mrs. Charles Harbut are entertaining two nieces from Fort Atkinson.

Masons are at work at P. J. McFarlane's laying the foundation for a new barn and milk house.

Miss Bertha Altom was a week end guest of Edgerton relatives.

May 7 the German Lutheran church celebrated its twenty-fifth anniversary. After the morning service a picnic dinner was served, a very interesting and social time enjoyed by all.

ECZEMA WOULD ITCH AND BURN

On Chest and Back. Scratched and Little Blisters Would Come. Could Not Rest at Night.

HEALED BY CUTICURA SOAP AND OINTMENT

"I had eczema on my chest and back for about a year. The first appearance was a scarier rash and it would itch and when I scratched it or rubbed it with my hands it would come and it would burn so I thought I would go out of my mind and I could not rest at night or do any work in the day."

"I got no relief until I tried Cuticura Soap and Ointment. I washed the affected parts with Cuticura Soap and then scrubbed on the Ointment, and in two weeks I was healed." Signed: Miss Ella M. Yates, Coleman, Mich., July 14, 1915.

Sample Each Free by Mail

With 30-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Free." Sold throughout the world.

Orfordville News

Orfordville, May 8.—Mr. and Mrs. Hamblett and family were Brodhead visitors on Sunday afternoon.

Mrs. Ed. Erickson of Beloit has been spending a few days with friends in the village.

Miss Ethel Compton has been confined to her home and bed for the past few days.

Mr. and Mrs. Eugene Ward of Brodhead spent the day with friends in Orfordville on Sunday. They were guests at the home of Mr. and Mrs. F. B. Purdy.

Charles Taylor transacted business in Janesville on Monday.

A broken rail on the local siding came near derailing the evening freight on Saturday. The rail was broken into several pieces. The damage was temporarily repaired after an hour or two of delay.

Miss Margaret Davis of Beloit is spending a few days at the home of Miss Ethel Compton.

There was a good attendance of Odd Fellows and Rebekahs at the anniversary service of the order, held at the M. E. church on Sunday evening. A strong and forceful sermon was delivered by the pastor, Rev. J. T. Luge.

Milton News

Milton, May 8.—The Whitewater news came down in defeat No. 2. Milton College nine Friday at Whitewater. The collegians scored three runs off Moulden in the first inning, while Randolph held the normals to a scoreless till the seventh. An error of Thornage, a stolen base and a hit gave the normals their only earned run. After the first inning Moulden held the college fellows at his mercy, striking out eighteen, while Randolph got ten. Both teams played good ball.

Postal Clerk H. C. Risdon of Milwaukee was here Friday.

Assistant Superintendent J. B. Borden of Madison was in town Friday and Saturday.

F. T. Coon made a business trip to Milwaukee Friday.

E. E. Bond of Janesville visited his parents Saturday.

Mrs. W. D. Thomas went to the Hinsdale, Ill., sanitarium today for treatment.

REMAINS OF SUICIDE ARE SENT TO SOUTH WAYNE, WIS.

(SPECIAL TO THE GAZETTE)

Monroe, Wis., May 9.—The remains of Ole E. Nelson, who committed suicide by hanging himself, were shipped to South Wayne, Wis., yesterday for burial. Nelson had been an inmate of the insane ward of the Green County Home for the past month. Late Saturday evening he committed the rash act by tying clothing together, forming a rope, which he tied to the head of his bed. He formed a noose with this and, it is thought, strangled himself to death. When found Sunday morning, he was in a sitting position on the floor. Life had been extinct for some time. He was 70 years of age and leaves a widow and three children.

Spring time is moving time. If you have a house to rent, let it be known through a Gazette want ad.

CAINVILLE CENTER

Cainville Center, May 9.—The results from the spelling, arithmetic and Friday were: Ruth Worthing first, Roy Penn second, Ella Everill third and Neva Penn fourth.

Wilbur Andrew has just completed a new brick silo.

Mr. and Mrs. August Albrecht were callers Thursday.

Ruth Bennett visited friends here the last part of the week, and spent Friday night with her grandmother, Mrs. Sophie Bennett.

Mrs. Walter Thompson returned Thursday from Harvard.

Mr. and Mrs. Henry Gardner and little son motored here, Sunday from Delavan and spent the day at George Townsend's.

George Andrew and family of Harvard were visitors Sunday at W. B. Andrews'. They made the trip by auto.

F. Townsend and sons, Lester and Hosea, were Janesville visitors Sunday.

Mr. and Mrs. Klusmeyer were callers in North Magnolia Sunday.

Mrs. Edith Townsend of Janesville recently visited her son, Leslie Townsend.

DARIEN

Darien, May 9.—Mrs. W. G. Peck spent Friday in Beloit.

Mr. and Mrs. G. W. Benner, Mrs. E. H. Wood and daughters, and Mrs. G. W. Bear motored to Beloit, Saturday.

Miss Alta Matteson entertained the T. T. Club Thursday evening in a delightful manner at the home of her grandmother, Mrs. G. W. Putnam.

Mr. and Mrs. J. M. McCabe of Delavan were visitors in town Thursday.

Mr. and Mrs. G. W. Benner and Mrs. W. W. Bear were Delavan visitors Friday.

The Methodist Industrial society met with Mrs. E. H. Wood, Thursday. All enjoyed a pleasant afternoon.

Mrs. Frank Campbell and son visited at J. N. Rockwell's, Friday and Saturday.

Miss Gertrude Lawson of Delavan spent from Friday until Monday with the home folks.

Mr. and Mrs. Henry Frank spent Sunday in Clinton.

Mrs. G. W. Bear left Saturday for Michigan, after several days' visit with Mrs. G. W. Benner.

Mr. and Mrs. J. R. Eagan and Mr. and Mrs. W. C. Hunter motored to Beloit, Sunday.

Mrs. G. W. Benner pleasantly entertained the Quality Hill Croquet club Thursday evening.

The Messrs. Edith and Marguerite Wells spent Saturday and Sunday with relatives in Burlington.

Mrs. B. J. Hunsbush and daughter, Elsie, spent Saturday in Janesville.

Mrs. L. A. Reuschli and daughter, Esther, Miss Emma Zweibel, Miss Babe Nolan, Harry Wilkinson, Francis Reinhardt, Ray Zwieler and Louis Reuschli of Burlington visited at Edgerton Wells, Sunday.

Miss Akte Higgins of Delavan spent Sunday with Miss Savonia White.

Dr. and Mrs. H. N. O'Brien spent Sunday in Waubesa.

The Darien and Walworth high schools crossed bats here Friday afternoon, resulting in a victory for the latter.

Fitzgerald of Chicago and daughter, Mrs. O'Dell of Delavan, called on relatives here Thursday.

MAGNOLIA CENTER

Magnolia Center, May 9.—Mrs. Gus Jewell of Evansville, was a recent visitor at the home of Mr. and Mrs. Floyd Jones.

Dr. Schuster of Evansville, was a Magnolia visitor Saturday.

George Bishop was an Albany visitor Saturday.

Mr. and Mrs. Ernest Harnack and family and Mrs. Louie Woodstock and children, spent Sunday afternoon at the home of H. Harnack.

FUNERAL SERVICES ARE HELD FOR EMILY F. MOLDENHAUER

(SPECIAL TO THE GAZETTE)

Monroe, Wis., May 9.—Funeral services were held this afternoon at Juda for Mrs. Emily F. Moldenhauer, of that village, who passed away very suddenly Friday Sunday morning. Death resulted from heart trouble. Mrs. Moldenhauer was the widow of W. F. Moldenhauer and was widely known throughout this community. She was a native of Germany and was seventy-three years of age. She leaves four children. Herman L. Gloege of this city is a brother of the deceased.

WARRANTY DEED.

George W. and J. Milton Coon and wives to Reuben G. Randolph, part w. 1/2, section 27-4-13, \$1.

M. H. and Philip Taylor to Joseph M. Lathers and wife, lots 1 and 2 block 2, Machine's 2nd addition, Beloit, \$1.

Elizabeth F. Leighton to William Schmidt, part section 15-1-14, \$1.

L. C. Bassett and wife to Carrie Bass, part w. 1/2, w. 1/4 12-4-13, \$1836.10.

More of it sold in Wisconsin than any other one brand.

"Old Time Coffee" is the clean coffee. It is machine cleaned twice before roasting and once afterward—so you get absolutely no taste but the coffee taste. That's another very good reason why more "Old Time Coffee" is sold in Wisconsin than any other one brand.

John Hoffman & Sons Co. Milwaukee.

Note: Our name on Canned Foods guarantees highest quality always.

DANDELIONS.

Once in a far-off country the wife of a missionary took a friend to her tiny garden perched way up overlooking a deep bay and with pride showed the prize flower of the collection—a humble dandelion. She had brought it all the way from her home and planted it there in that foreign clime. It was her one tie connecting her with the home so far away.

Once there was a little boy whose father had died when he was a baby. His mother took him on long journeys to forget her sorrow and loss and the little chap was carried around parks, to beautiful houses and into gardens where glorious flowers grew, but dandelions were never seen. One day, on a big park, he was told by his mother with his little chubby fists full of dandelion blossoms he had picked and kissed. "I can pick these these dandelion flowers."

Dandelion time is here again. The lawns are sprinkled with their blossoms. The Ohio State Journal says that the flower would be a highly prized and aristocratic flower if it were only difficult to raise it. If it cost as much to raise one as it does an orchid, there would be one doing on every lady's bosom. But the worth of everything in art or nature is determined by the effort, time and genius to produce it. The question of beauty itself is not the controlling condition. Anybody can have a bunch of dandelions who wants it and nobody wants it.

But there is a view of the matter that changes the situation into one of delight. The dandelion is not only a beauty, but it is a utility. Dandelion greens are the finest in the world and there are many people who fairly dote on them and search for them in the fields and back yards with a patience and devotion that is almost the virtue of the greens. A lady told us that she had nothing but dandelion greens that day for lunch—a great saucer of them that she had gathered herself. She would rather have had those greens than pigeon pie, strawberry shortcake, sweetbreads, or a snowy meringue, any of which or all she could have had only for the wishing. But no, with the assistance of a robin's song and a zephyr or two, she wanted to gather the greens herself, and the song and zephyr along with them.

GOVERNOR PHILIPP.

It is wonderful the amount of facts that Governor Philipp is handing out to the voters of the state in his various addresses to interested audiences. Facts and figures that go to show the wasteful negligence that the ultra reformers and tax-eaters brought to the state. No matter what the enemies of the governor may say about him, he tells the truth in such a convincing manner that he is believed and he quotes figures and dates and facts in such a way that they cannot be twisted into meaning something else. The governor has repeatedly stated that he is not a candidate for any office unless he be re-nomination and election as governor. He wishes to continue the work he has begun and to aid him in this labor. That is to put behind him a legislature that will work for the people's interest.

Too often the legislature is lost sight of in a general state campaign. It is one of the most important, if not the most important, elements of our state government. If the taxpayers and tax-eaters, trimmers and ultra progressives down to Madison, the witter they must expect the results that are sure to follow even though Philipp and the entire conservative state ticket is elected by an overwhelming majority.

Re-nominate Philipp, re-elect him, but at the same time send to Madison, as members of the assembly and state senate, true republicans who will not quibble with facts and will vote and work for the best interests of the state as a whole and not to follow the dictates of any individual boss for his own personal political capital.

SPEED MANIACS.

It is not always the speed maniac that is arrested for violating the city and state laws for exceeding the speed limit while driving an automobile. The real speed maniac usually does not get caught. Some way or other they escape the net of the officers and continually repeat their weird gyrations to the peril, unfortunately of pedestrians or more careful car drivers, and not their own worthless necks.

On the same afternoon that a certain business man was taken in custody by the authorities for exceeding the speed limit some weeks ago, other motorists witnessed a contest between a car driven by a well known business man and a motorcycle rider, whose name is known to the public, on the same thoroughfare, in which the auto-

mobile won. Of course the winner was not arrested, but a short time later a second driver was whose pace resembled that of a snail compared with the first driver.

In many of the wards local residents give nervous persons heart throbs as they suddenly appear at breakneck speed, turn dangerous corners on two wheels and disappear amid a cloud of dust and throbbing engines. Nor is this confined to the male sex alone. There are plenty of women drivers in the city whose absolute defiance of the speed law deserves comment. One point of the law that drivers of not only autos but also of teams, should be especially cautioned against is driving past street cars and interurbans that are taking on or letting off passengers. This is flagrantly disregarded and the drivers are apparently insulted because the pedestrians take it as their right. On the other hand the pedestrians should be warned against "jayhawking" across the streets at angles and not following the sidewalks. This is dangerous to drivers and to pedestrians and it is questionable if the pedestrian has the right of way.

DEMOCRATIC EXPLANATIONS.

What the democratic party needs at the present time, and needs most urgently, is an explanation clerk. The general public is developing a very irritating curiosity as to the way in which the promises of 1912 and 1913, which were made by the democratic party, have been carried out. It is curiosity of a persistent kind which is extremely annoying in a presidential year. The party will have to submit a reckoning during the coming months, but, in the meantime, it is trying to fix the books. The first nine months of the Underwood tariff demonstrated conclusively the absolute failure of that measure as a revenue producer, and the war with its nullifying effect was a piece of good fortune to the democrats. They were enabled to reduce their deficits by a so-called war tax, and they have since explained the war tax on the ground that it is now somewhat frayed, in view of the fact that in January the imports to this country were the highest in its history and it is also significant of the actual effect of the Underwood tariff to know that duty was collected on only about 5 per cent of the goods imported—thus we see 91 per cent of imports coming in free, and still from a revenue-raising point of view the Underwood tariff is supposed to be effective. The war tax would never have been necessary under a republican tariff measure, and the war tax has been not only a nuisance but a direct imposition, entirely unnecessary, on the people themselves. The irritating influence of an unnecessary tax is well understood by democratic politicians, and for that reason it is proposed now, just before a presidential election, to repeal the stamp tax and as much of the war tax as possible, in the hope that the people may forget the unnecessary tax imposed on them because of the failure of the Underwood tariff law as a revenue raiser. Let no one be deceived with regard to the repeal of the stamp tax. It is repeated only because this is 1918, a presidential year, and the people are scrutinizing the history of the democratic party since its advent on March 4, 1912. It is hoped to excuse an unnecessary tax by removing it after it has taken more than one hundred million dollars out of the pockets of the people. Furthermore, the tax is simply going to be shifted around and those who are not paying the tax directly will hereafter pay indirectly, because taxes which are levied on one set of citizens, or one group of manufacturers, are bound to be pro-rated among all the people in one way or another.

Besides avoiding, or trying to avoid, the war tax, the democrats have covered up the heavy deficits in the treasury by fictitious statements. The daily treasury statement is a genuine piece of modern fiction. It shows a net balance of more than one hundred million dollars, whereas, instead of there being a working balance there is an actual deficit. It is, of course, amusing to assume that the people are fooled by this kind of work. The repeal of free sugar has been accomplished as completely as possible because the promises made that it would reduce the cost of living. The second half of the democratic administration has been actively engaged in correcting the mistakes of the first half, but without success. The war does not explain the high cost of living which is today many times higher than ever in the history of the country. The democrats are working with feverish haste to provide some explanation of the difference between their promises and their performances, but it is an impossible proposition.

Responding to the demand for a definite decision on the submarine controversy, our government makes the definite decision to postpone the matter another fortnight.

A nation wide fight against tuberculosis is being made, but in many places the campaign against it consists simply in burying the people who are stricken with the disease.

The people who figure out that the war is costing Europe \$5 millions a day talk just as though they thought all those debts now being contracted were going to be paid.

Senator Lewis predicts a third party founded on "Peace, prosperity, and prohibition." Peace, prosperity, and pork would be equally alliterative and even more popular.

The riding breeches worn by the girls are condemned by all who consider it shocking for women to compete in athletics on even terms with men.

It is highly improbable that the Ford car will turn out to be the presidency band-wagon.

How It Affected Him.

There recently entered the office of a physician a young man making this announcement: "I want to thank you for your valuable medicine, doctor."

"It helped you, did it?" asked the physician, much pleased. "It helped me wonderfully." "How many bottles did you find it necessary to take?"

"To tell the truth, doctor, I didn't take any. My uncle took one bottle, and I am his sole heir."—San Francisco Argonaut.

Clean wiping rags free from buttons and hooks bring 3 1/2c lb. at the Gazette office.

On the Spur of the Moment

ROY K. MOULTON

Front Porch Conversation. They gather every pleasant night. When other people want to snooze, And then discuss with all their might.

The latest things in hats and shoes. They criticize the brand new gown. That's being worn by Mrs. Jones. And gossip about Mrs. Brown.

And her new hair in piercing tones. They talk of novels that they've read. And tell of rumors of divorce. They dish up all their married friends.

They couldn't leave out one, of course. They review all that has occurred. Since last they met and judgment passed. And tell with horror all they've heard.

About the widows, sad and grass. They tell what everyone has had. For dinner every day that week. There's not a fashion or a fad.

Of which they ever forget to speak. They tell what happened long ago. And what will happen ages hence. Until it sometimes seems as though They can talk everything but sense.

Uncle Abner. Miss Pansy Purdy is taking art lessons. She says she hopes some day to be so proficient she kin paint a horse, but the trouble is that it will be hard to make a horse stand still while being painted.

They say Lot's wife turned into a pillar of salt, but that's nothing. Just the other day Renfrew Banks of our village was walking down the street and he turned into a saloon.

Nothing else will cure a feller of the desire to go to the legislature, and he might as well run and get beat and have it over with.

Elmer Spink has had rubber heels put on his shoes and has accepted a lucrative position as collector for an installment house.

Anse Frisby is not making any new friends this season and is getting rid of all the old ones by lending them \$5 apiece.

Women used to go to a party to talk about their clothes, but now they go to the party to talk about their electric irons and make it embarrassing for those who haven't got one. Whenever the public functions as a failure there never seems to be anybody in particular to blame, but when it is a success everybody is responsible for it.

Belleville man who had undergone 200 surgical operations is dead at last. Prevalence is a great virtue.

Bryn Mawr is going to develop 20 perfect women, but are there that many men in the country to marry them?

Leap Year in the Country.

The enterprising correspondent at Keeler, Mich., sends in the following encouraging items to the home paper:

Roni Cheney is repairing Lawrence Lewis' front steps. It looks now as if some young lady had taken advantage of the leap year privilege.

Frank Nodout has seventeen young chickens, now, you ladies who want to take advantage of leap year, there is a chance to help Frank bring up the family.

Bromides.

"Move forward in the aisle, please." "Coolest place in the city." "Gentlemen and gentlemen." "It pays to trade at ———'s." "Passengers not allowed on the platform."

"Elevator out of order." "Give your change before leaving the window." "Don't feed the animals." "Speed limit, twelve miles an hour."

If the skirts get much shorter it is going to be a terrible season for blind men.

The Daily Novelette

The Great Invention.

Of useful things. She wanted naught; Now read and see. Just what she bought.

"How do do, madame," began Percy Pete the Pernickety peddler. "I have here the greatest invention of the age, if not of any age, to begin with, by placing it on this new stand and looking in those three holes and turning them handles, you will be edified by a view of the world's most remarkable scenery, including the leaning tower of Pottsville, the cave of the dingbats, the—"

"Be off," said Sal Snodgrass the spiteful spinster. "I'm busy at my hairdressing every second from 5 in the morning till 10 at night. What time have I for—"

"And in the second place," resumed Percy Pete, "by simply opening the back we have exposed to the enraptured view a complete and stylish phonograph that plays four days without winding, oiling, dusting—"

"What time have I for such foolishness, I asked ye," cried Sal Snodgrass. "Ain't I tellin' ye that from the time I rise at 4 in the morning—"

"And most wonderful and startlin' and edifyin' of all," said Percy Pete impudently, "is when we unscrew the side, thus, and disclose a set of mirrors enabling you to sit for hours at ease in your bed room and, unbeknown to any, see everything that's goin' on for two miles up an' down the road. How many, madam? Two? Thank ye kindly."

Only Temporary.

A man whose married life had not been of the happiest lay dying. Calling his wife to his bedside, he promised to leave all his worldly possessions to her on one condition, that being that she would erect a tombstone and inscribe on it, "At rest." This she faithfully promised, but, finding nothing had been left her, she added to the above epitaph, "Till I come."

When you need a job—advertise in the want columns what you can do and what you want for your service.

That Distress After Eating

is certainly very annoying. It indicates some weakness of the stomach and liver which may be corrected by careful diet and the aid of

HOSTETTER'S Stomach Bitters

FAVOR MECHANICAL FARMING IN FRANCE TO SAVE ALL LABOR

[BY ASSOCIATED PRESS.]

Paris, May 9.—The movement in favor of mechanical farming in France is assuming large proportions. Whoever trials have been made with traction plows they have been conclusive and cooperative societies of farmers have been formed to put them into use. A great many have been delivered

NEW CONGRESSMAN FROM BAY STATE

Frederick William Dallinger.

Frederick William Dallinger, Republican, is the newly elected representative in the lower house of congress from the Eighth district of Massachusetts. Mr. Dallinger, who is a lawyer by profession, was born October 2, 1871, in Cambridge, where he still lives. He has been a member of the Massachusetts house of representatives and senate.

TWO YEARS OF WAR
COST 45 BILLIONS

Figure Represents Expenditures of Warring Nations and Does Not Allow for Property Losses.

The hostilities in Europe will have gone on two years should the war continue to August 1. Attempts to gauge its burden to all the powers involved have resulted in a calculation that, if it is still in progress on the second anniversary, the direct cost of the struggle will have been in excess of \$45,000,000,000. The total military expenditure of the first year was approximately \$17,500,000,000. In the second year it will have been \$28,000,000,000.

These figures represent simply the expenditure for carrying on the hostilities. They do not allow for the destruction of cities, railways, ships, factories, warehouses, bridges, roads, or agricultural values. Neither do they allow for the economic loss through the killing and maiming of men, the loss of production in occupied territories, the decrease in stocks of food, metal, and other materials, the derangement of the machinery of distribution, or the cost of pensions. They measure in a common term an expenditure of capital which, to the governments concerned, is the end result translated for the most part into permanent additions to their national debt.

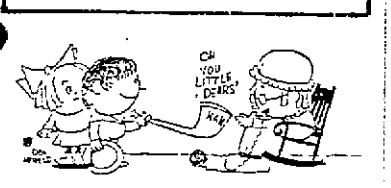

If the war costs \$45,000,000,000 it will represent a sum three times greater than the entire capitalization of the railways of the United States, and four times greater than the total deposits of all our national banks. It will represent a sum six times greater than that expended in the Civil war. It will represent forty times the amount of the present national debt of the United States, 120 times the cost of the Panama canal, 600 times the amount of the annual American gold output. Direct cost of the Franco-Prussian war in 1870-71 was \$2,500,000,000. The South African war \$1,250,000,000.

ABE MARTIN

Grocer Nims Trumbull, who recently failed, announces that he'll open a new store at the corner of Main and Third streets. Nims' ash has received a souvenir card from her niece, who is working in one of the best families in Janesville, saying things are breaking fine for her.

"BEN BLAIR" DOES
CREDIT TO MAKERS

Dustin Farnum and Winifred Kingston Seen in Western Play.
"Ben Blair" as pictured by Pallas Pictures and presented at the Apollo yesterday, does credit to its producers. It is a typical western story, without any hackneyed incidents. Exceptional advantage is taken of the camera's possibilities for effectiveness, particularly in the night scenes. And although there are a lot of loose threads to the story, it is a very entertaining picture with some thrills and thrills and laughs in it.

As usual, Dustin Farnum is a good bit of a hero, for which he is admired. Winifred Kingston is a sweet and charming little actress. And the others work in perfect accord with the stars.

POLICE REPORT FOR APRIL IS FILED WITH CITY CLERK.

During the month of April there were sixty-two arrests made by the police department, according to a report filed this morning by Chief of Police P. D. Champlin. Eight arrests were for violation of the city ordinances, four for riding bicycles on the sidewalks, five for speeding, and there were thirty-one cases of drunkenness during the month.

GINGLES' JINGLES

THE RACKET STORE.
Some say he was broke when he blew into town, was shy of the old screaming birds, be that as it may, he has got them to-day—has got them in flocks and in herds. He slipped into town with a peanut 'tis said, a shoe-string some say was his pils, but now he is there, like a regular bear, is there with the dough and the smile. Of glimmering coin he was mournfully shy, the midday of life he had passed, he'd come to that age, where men back off the stage—and down with the has-beens are cast. Not so with J. M. he's an optimist strong, and opened the Racket on nerve, some prices he'd slash, but sold only for cash, and aimed to unselfishly serve. The Racket sells everything, that is his game, to slip to the folks what they need; he's some jolly card, and he works mighty hard—that's why he is now in the lead. This shows that a man past the noonday of life, should not think of having a snap, if hard work he'll try, he can still be some guy—can still put himself on the map.

NEWS NOTES from MOVIELAND
BY DAISY DEAN

Mlle. Rita Jolivet, one of the survivors of the Lusitania disaster, after a sojourn abroad, has returned to America with a husband and has signed a contract to appear in motion pictures. Few knew of her marriage, so well had the secret been guarded. Her matrimonial choice was Count De Cippico, the Italian horseman. The count is interested in the motion picture industry in Italy.

Rita Jolivet made her American stage debut about four years ago with Otis Skinner in "Kismet." She has appeared in a number of Italian picture play successes. She first appeared in motion pictures in this country in "The Unfaithful."

Although the subject in which Mlle. Jolivet will make her initial screen appearance has not yet been made public, it is understood that it will be one of George Broadhurst's recent stage successes.

Girl Pilots Boat in Petrova Picture

Shipping men in the upper bay, New York, were surprised to see a beautiful young girl at the wheel in the pilot house of a sea-going tug that picked its way to the Battery wall. All along the route they blew their whistles and sirens in salutation and the girl responded with short toots, as she was too busy at the wheel to devote much time in exchanging greetings.

The girl was Evelyn Brant, the pretty young ingenue, who had been out to the lighthouse at Sandy Hook to make the final scenes for "Playing With Fire," in which Olga Petrova is starred.

On the return from Sandy Hook, Miss Brant asked permission to run the boat, assuring the captain that she could, as she knew everything about an automobile and motor boat. He agreed and she had the time of her life.

Mlle. Valkyrien, the dancer, soon is to be starred in a play which starts in the veranda of a summer hotel in Florida. It is to be called "The Image Maker of Thebes." It is to follow her play, "Hidden Valley."

Vivian Martin, recently seen in Fox Co. plays, has signed a contract to appear in plays in the Paramount picture.

AT BEVERLY THEATRE.

"The Flames of Johannis" on Thursday. When the imposing Lubin photograph feature, "The Flames of Johannis," in which Nance O'Neil is starred, is presented at the Beverly on Thursday, audiences will doubtless note a familiar aspect in some of the scenes. The transformation of Sudermann's powerful play into a wordless drama was entrusted by the Lubin company to Edgar Lewis, famous for his insistence upon detailed realism. The plot of "The Flames of Johannis" is set for midwinter, with the hills and fields covered with snow. There was plenty of the latter in evidence at the 500-acre open-air studio of the Lubin company at Betzwood, Pa. But not enough to suit the exacting director. So the entire company was transported in a special train to Mikeas-barre, Pa., for the taking of this one scene.

Other scenes required foliage backgrounds, and brushing aside the proffered cooperation of wholesale florists, Mr. Lewis and sixty-five photographers and camera men journeyed to Thomasville, Ga., where two weeks were occupied in acquiring foliage. Several trips were made to Lancaster county for local color amid the villages settled by the thrifty Pennsylvania Dutch. The Lubin company had advised Mr. Lewis that the matter of expense was not to be considered in his instructions to make "The Flames of Johannis" the most pretentious photoplay feature of the season. That full advantage was taken of the opportunity will be appreciated when the potent screen drama is seen as the V. L. S. E. offering at the Beverly.

AT MYERS THEATRE.

"TWIN BEDS." The Laugh Festival by Salisbury Field and Margaret May, in which New York paid the tribute of fifty-two weeks of popularity on Broadway, permitting Selwyn and Co. to capture the honor of the longest run of the worst year in the history of the theatre, will be presented by that progressive firm of managers, sponsors for "Within the Law," "Under Cover," "Under Fire," "Rolling Stone," "The Show Boy," and "The Lie," at the Myers Theatre on Monday, May 15 with an admirable cast of farceurs.

"Twin Beds" is a healthy amusing piece of humor which earned and held its tonic public endorsement by its incessantly dramatic swift-moving action; its sparkling fresh lines, in which new wit alternates with new

Rita Jolivet in "Kismet."

Already famous on the stage, she aspires to become a star of the silent drama. She married an Italian Count recently, and is probably the only Countess in moving pictures.

gram. Her first film play, which was a great success on its release a year or so ago was called "The Wishing Ring."

Says Lillian Gish of Dorothy Gish: "She has no sense of property rights. She looks well in that new hat of mine. So I'll give it to her. If I didn't, she would wear it anyway."

AT THE APOLLO.

Sardou's "Diplomacy" Stars Marie Doro. "Diplomacy," in which Marie Doro repeats upon the screen the triumph which she scored upon the stage in the role of Dora, is the next Famous Players-Charles Frohman feature in which this delightful stars appears. It is the Paramount picture at the Apollo Wednesday.

It is particularly notable that "Diplomacy" is the first picture in which Miss Doro has appeared since the announcement of her marriage to Elliott Dexter, who appears in the film in the same role in which she was seen on the stage—Julian Beauchamp, the young attaché at the British legation in Paris. To Julian, who has just married Doro, a beauty whom he met at Monte Carlo, but of whose past history he knows nothing except what she has chosen to tell him, are entrusted the plans of Gibraltar.

The documents are stolen and suspicion points to Doro so strongly that even her husband believes that she is

Virginia Pearson, AT THE BEVERLY ON WEDNESDAY IN "THE VITAL QUESTION"

Karenina." "A Woman's Resurrection" and "Should a Mother Tell." The story of "The Song of Hate" is one that strikes deep to the fibers of the sexual relations between modern men and women. Written in Sardou's most trenchant style, it bites and scorches like acid the frailties of our modern civilization. It will be presented at the Beverly tonight.

AT THE APOLLO.

Marguerite Clark Irresistible in Alpine Drama. The eternal snows of the Swiss Alps serve as the background for "Out of the Drifts," a thrilling story of St. Bernard Pass, in which Marguerite Clark is starred on the Paramount program. This stirring tale, which is the feature at the Apollo

PETEY DINK—POP'S RIGHT; A GOLF COURSE IS NO PLACE FOR WOMEN.

SPORTS

TWO BEST PITCHERS LOSE THEIR GAMES

Brooklyn Beats Alexander and Philadelphia Beats Johnson—Cubs Win and Lose With Pitts.

(SPECIAL TO THE GAZETTE) Brooklyn, N. Y., May 9.—Alexander weakly pitched in the second inning of a pitching duel with Doherty and Brooklyn won, 2 to 0, making it five straight Philadelphia has lost to the Robins. Wheat singled in the second and Burns threw wild to catch Wheat napping off third, the latter scoring. Olsen sent Cutshaw home with a double. Wheat caught nine flies in left field.

How'd It Happen? Philadelphia, Pa., May 9.—Philadelphia hit Johnson's delivery for thirteen safeties, including three doubles, drove him off the rubber in the eighth inning and won from Washington on Monday, 4 to 2. Johnson was poorly supported, but none of the visitors' errors figured in the scoring. While Myers' delivery was hard to solve, and he was given splendid support. Myers gave Morgan four bases on balls.

Split Even. Chicago, Ill., May 9.—Chicago and Pittsburgh divided a doubleheader on Monday. In the first, Williams' home run in the eighth brought McConnell the honors over Cooper of Pittsburgh in a 2 to 1 pitchers' battle, but in the second, in which errors and bases on balls were numerous, the Pirates, led by Wagner, drove two Cub twirlers from the slab and helped Manauaux to a 6 to 4 victory, despite his wildness. McConnell had eight strikeouts in the first game, Carey fanning four times.

OLDFIELD REFUSES TO ALLOW RALPH DE PALMA TO ENTER AUTO RACE

(SPECIAL TO THE GAZETTE) Indianapolis, Ind., May 9.—The big Mercedes with Ralph De Palma at the wheel will be barred from the international sweepstakes at the Indianapolis motor speedway on Memorial Day. Word was received today from Barney Oldfield that he would not sanction De Palma's entry. The speedway rules provide that no car can be started if not entered by May 1 unless the written consent of all other drivers is obtained. When De Palma's entry came in two days late the officials immediately got busy, knowing that the daring Italian is a great drawing card. Oldfield wired his answer by referring to his entry blank. It was found that on this blank he made the provision that no post entry cars should be allowed to start. This means De Palma is out of it. Barney is entered with a De Lage car.

OSBORN'S COLTS DEFEAT ALL STAR FIVE LAST NIGHT

Pins were falling pretty good at Miller's last evening. Osborn's Colts won from Wagonknecht's All Stars in a close game. But for the falling down in the first event the All Stars would have won the match as in the last two they had by wide margins. Scores:

MANAGER JONES OF AMERICANS IS UNABLE TO NAME REGULARS

(SPECIAL TO THE GAZETTE) St. Louis, Mo., May 9.—Manager Jones of the local Americans has been unable to select from his squad of players a nine that will be regulars. Deal formerly of the Boston Nationals and St. Louis Federals, because of his timely hitting and fielding last year with the Federals was picked to replace Austin at third, but later through his inability to hit he was replaced by Austin. Deal in all probability will be retained as a utility infielder.

Second baseman Pratt who, it was thought, had the position clinched this year, according to reports is to be sold or traded. It is not known who will succeed Pratt.

Jones at the beginning of the season started Sisler in the outfield, but later Sisler replaced Borton on first. Lavan has been replaced by Johnson of last year's Federals at shortstop.

The team at present has three catchers—Hartley, Severid and Clemons—Hartley, it is believed will be the regular catcher, with Severid and Clemons as substitutes.

In the outfield—Shotton in left, Marsans in center, and Tobin in right will be the regular outfielders. Ward Miller will be retained as utility outfielder.

Of the squad of pitchers the most likely to be kept are Plank, Weisman, Davenport, Groom, Koob and Parks.

NEW FACES WILL BE SEEN AT ANNUAL AUTOMOBILE RACE AT INDIANAPOLIS

(SPECIAL TO THE GAZETTE) Indianapolis, May 9.—There will be a number of new faces seen among the officials for the sixth annual automobile race at the Indianapolis Motor Speedway, which will be held May 30, Memorial Day.

George M. Dickinson, general manager of a local automobile manufacturing concern will be the official starter, and also will handle the checkered flag when the winner thunders over the wire at the finish.

Another Indianapolis man Howard C. Marmon, chief engineer of another automobile manufacturing company will replace the late A. R. Pardington, of Detroit, as the official referee of the contest.

Chester S. Ricker, an Indianapolis engineer, has been appointed the head of the timing, scoring, and technical committees and will personally supervise the scoring during the race. Heretofore these departments have been separate.

There is some talk of matching Fred Fulton, heavyweight, with another boy for a contest in Milwaukee before the season ends.

There's still another thing to be figured in the race of the Cubs—the short right field fence at Weegman's North Side park. Cy Williams put one over it the other day for a homer and it beat the Pirates.

GOOD PLAYER, BUT NESS HAS NO JOB

Jack Ness.

The Chicago White Sox offered Jack Ness back to Oakland, but that club, having Malcolm Barry on first, decided to pass. All other Coast league clubs seem well fixed for first basemen, too, so that in spite of Ness' popularity in this circuit there seems no place for him.

HONEYMOONERS HUNTING GAME IN WILDS OF CHINA

(SPECIAL TO THE GAZETTE) Peking, May 9.—If all has gone well with them since they left here April 10th to hunt big game for the New York Museum of Natural History, young Fred, Boy Chapman Andrews and his bride, formerly Miss Yvette Borup, daughter of Major Henry Borup, U. S. A., and sister of the late George Borup, arctic explorer, should be in the midst of their man-eating tiger hunt in the heart of off a Boleka mountains, 200 miles inland from the Strait of Formosa, today.

Andrews and his bride are in one of the most remote regions of uncharted Asia, where no white women and few white men ever have gone before. The region abounds in big game of all kinds and there are cannibalistic tribes to be feared.

When she left here Mrs. Andrews wore khaki knickerbockers just as the men wore, and carried an automatic pistol for self-defense and a rifle as well to hunt and collect the specimens and provide food for the latter.

Rev. Perry L. Caldwell at Put Sing, wrote so convincingly of the man-eaters that prowled around the native village there that Prof. Andrews was inclined to believe the natives' tales. He really discovered a new species.

These terrors of the jungle hang about the dwelling places of the coolies, who make a make of off a worker in the fields or snarl away a screaming baby whose careless mother has left it unguarded too long.

As the missionary wrote: "They are of huge size, naked, and brown in color, with broad stripes of black ferocious to the last degree and not a bit afraid of a man with a gun—they will charge him every time."

The Andrews expect to be gone about a year.

IMPROVEMENTS ARE MADE IN DETROIT BALL PARK

(BY ASSOCIATED PRESS.) Detroit, May 9.—Navin Field may be remodeled somewhat to increase its seating capacity. Twice this season the park has not been able to accommodate baseball fans. More than 25,000 persons watched a Cleveland-Detroit game played recently and many would-be spectators were turned away. Sport editors have suggested that the grandstands be made into double decks.

JANESVILLE ATHLETICS AGAIN DEFEAT WILLOWDALE

The Janesville Athletics won their third straight game Sunday at Willowdale White Sox at Hatton's diamond. Eastman, the star Sox twirler was weak in the pinches. Marshall hit safely, scoring Bidwell. Black twirled in good form and fanned seventeen.

Athletics: Brummond, 3b; Flanery, ss; Bidwell, 2b; Wolfe, lf; Marshall, c; Condon, cf; Cullen, 1b; Black, p; Timpany, r.

Willowdale: Utzig, c; Eastman, p; L. Mooney, ss; Bowles, 1b; Quade, 2b; Crane, 3b; Mooney, lf; Kettlehorn, cf; Bleasdale, r.

DETROIT WATER EXPERTS HOPE TO WIN TOURNAMENT

Detroit, April 9.—Detroit swimmers and divers hope to make a strong showing at the aquatic tournament, which will be held at Put-in-Bay, Ohio, during the yachting regatta next July. Several local women swimmers who have starred in meets held here during the past winter expect to compete.

There will be eight events for women, including 50, 100, and 200 yard, free style swims; backstroke and breast stroke races; fancy diving and a plunge for distance. Charles Dean of Chicago, an A. A. U. official, will referee.

Witt, who is playing short for the Athletics, is said to be one of the best looking young players in the American league. He is a very fast fielder, and is about the size of Topsy Hartsell, whom he resembles more than a little. He is said to have a perfect position at the plate, and it is predicted that in due time he will develop into a hitter of more than ordinary ability.

BLUE RIBBON FIVE DEFEATED LAST NIGHT AT WEST SIDE ALLEYS

Miller's Blue Ribbon five invaded the West Side alleys last night and rolled in a match game with the undefeated West Side bowling team. They were defeated by over three hundred pins. The Ribbon five are now only waiting to get it back on the West Side five in a game at Miller's. Scores:

East Side Blue Ribbons.	West Side Bowling Team.
Heller 179 114 132	Cunhaing 167 162 173
Marsh 155 152 116	Lusk 190 153 157
Catlin 133 156 117	Lippitt 134 129 189
Hughes 120 149 147	G. Keil 168 188 139
Huebel 163 142 139	Robbins 176 154 181
Totals 741 713 651—2105	Totals 835 788 839—2462

Sport Snap Shots MORRIS MILLER

The Cincinnati club's decision to hold on to John Beall for a while gave Milwaukee a chance to think it over it decided to take him back. The Brewer management thought it could get along without Beall, but a few days of real play showed up the defects of its outfield. Beall had been called for Salt Lake of the Coast league, which will get pitcher Stanley Dougan from the Reds as a sop for its disappointment.

William Klem, peerless umpire, is officiating these days while decidedly below par physically. Klem hasn't been well since he went to Florida in the spring. Twice now he has gone to Daytona to umpire spring games for the Brooklyn and neither time did he come back feeling fit. So no more Florida for him, he declares. Klem has what he calls stagnation of blood, and the other day his physician treated him for the trouble.

"I'd like to have Fred Mollwitz," said Miller Higgins of the Cardinals, "and I'd go after him if it wasn't for the rule limiting the number of men a club can carry. He's an All ballplayer and I'll be glad to see him. This rule making us cut down the teams, is the only thing that keeps me from trying to get him. As it is, I must let two men out in the immediate future. The present arrangement of the infield suits me and seems to produce good results. This boy Betzel will stay on second, which means that Jack Miller must stay on first. You see, Betzel is really a second baseman by trade, but played third last season. Now he is back where he belongs, and he's playing rattling fast ball."

Jim Johnson, the veteran colored trainer, bemoans the fact that there is a dearth of good fighting material these days. "Ain't no use to develop boys anyhow," says Jim. "They steal on me jess as they git good. Ah

develops Kid McCoy, Young Ahearn, Johnny Dundee, Sailor White, Kid Herman, Joe Mooney, Black Griffe, Bobby Dobbs, Harry Pepper, Hank Grinn, Young Alberts, Budlin Jim Johnson, and what dey do? Dey steal gibbin one of 'em. Ah brings out Kid McCoy Ah had him in Indianapolis befo' he ebbud' heard of Peter Jackson, he learn me de left twist punch an' Ah learn it to Kid McCoy an' he come out with de corkscrew left and git all de glory. It ain't no use no mo'. Dey steal 'ol eye fo' a grape if you doan look out."

Bobby Watt, captain of the Columbia baseball team, will join the Athletics at the end of the present college baseball season, according to a report that has gained credence on Morning-side heights. When Watt was questioned he said he had heard nothing from Connie Mack since last year, when he admitted to Peter Jackson, he was approached by the manager of the Athletics with an offer to play professional baseball. It is known that Watt has set his heart upon playing big league ball after he leaves Columbia and for that reason few doubted that he had agreed to the terms offered by Mack.

President John D. Martin of the Memphis club thinks a whole lot of the arms and legs of his team. Judging from the insurance policy he has taken out on them he regards them as pretty valuable baseball bric-a-brac. A Memphis firm wrote a blanket accident policy on the 18 members of the team for \$80,000. The policy which is at the rate of \$5,000 per man, provides for a handsome payment in case any of the players meet with an accident either on or off the field.

Pie Way, the former Yale pitcher, has not signed a contract with the Giants, but he has reached an understanding with McGraw, who will experiment with him in the near future.

Too Much Moving Bad. Own your farm if you can finance the deal, but if you are going to rent—stay as long in one place as you can. "Two moves are as bad as a fire."

THE GOOD JUDGE AND THE PUBLIC READ THE BULLETIN BOARD.

I DON'T BLAME THE GENERAL MANAGER.

TRANSCONTINENTAL A LITTLE LATE—LET'S READ THE BULLETIN AND FIND OUT WHY.

YES, AND HE'S RIGHT—IT'S RICH TOBACCO AND A LITTLE CHEW IS WHAT ANY MAN NEEDS.

BULLETIN BOARD
TRAIN NO. 1 FROM CHICAGO TO ST. PAUL, FARGO, BUTTE, SPOKANE, SEATTLE, PORTLAND AND OTHER POINTS, DELAYED—7-15 MINUTES BY THE GENERAL MANAGER. AMATING A SUPPLY OF W-B THE NEW CUT REAL TOBACCO CHEW. HE SAYS ITS RICH TOBACCO AND A VERY SMALL AMOUNT WILL DO YOU GOOD.

MANY men are realizing the joys of chewing rich tobacco ever since W-B CUT Chewing—the long shred Real Tobacco Chew first arrived in town. The small chew with less spitting and grinding won the over to W-B CUT Chewing—no more big wads of the ordinary kind for them.

You know W-B CUT Chewing by the satisfaction of a quality chew. "Notice how the salt brings out the rich tobacco taste."

Made by WETMAN-BRITTON COMPANY, 50 Union Square, New York City

Experienced

THE G & J Tire Company was one of the first in the United States to manufacture automobile tires.

Since the appearance of the first motor car, G & J Tires have stood for quality.

Today these tires offer you more for your money than most.

Especially is this true of the G & J 'G' Tread casing.

A handsome, efficient, anti-skid tire that costs but little more than the ordinary plain tread casing. It is because of the value they offer that we unhesitatingly recommend G & J Tires.

"Good for You!"

"I Say, Joe, that was some clout you hammered out. These 'homers' are the ones that count. That one of yours will sure 'sew up' this game. You think it funny to see an old fellow like me so interested, but I feel as young and frisky as a kitten. "BLATZ Beer is responsible—I've been drinking it for well nigh fifty years. It keeps me toned up and makes me healthy and strong."

"You fellows should drink

Blatz

The best beer brewed"

George Stovall, for four years manager in the big leagues, in an editorial in the Kansas City Star, says: "And here's another thing that may sound odd, but it's true just the same, and every old ball player will tell you so: a glass or two of beer after a game does not hurt any ball player—on the contrary, I believe it is a good thing. The player has expended a lot of energy; is hot through and through and a glass of beer will do him good. I've done that all my life, and nine out of every ten ball players who have played the game for ten or twelve years have done the same thing and will tell you so."

The Triangular label on all BLATZ beer is a guarantee of uniform purity and flavor

LIQUOR DEALERS IN STATEMENTS ON OTHER SIDE OF QUESTION

President Woolner Takes General Slap at Bryan and Prohibition Meets at Louisville Convention.

[BY ASSOCIATED PRESS.]

Louisville, Ky., May 8.—The Anti-Saloon League was attacked and former Secretary of State Bryan was criticized today by Samuel Woolner of Peoria, Ill., president of the National Association of Wholesale Liquor Dealers of America, in an address before the twenty-first annual convention of the association. Mr. Woolner said the attacks made on the liquor trade by the anti-saloon league were unwarranted and he put forth the ultimatum that Mr. Bryan's attitude toward public questions was animated more by self-interest than by philanthropy or patriotism. His address was in part as follows:

"The anti-saloon league is opposed to both regulation and compensation, as either would put them out of business. They oppose regulation, and would that would tend to eradicate or minimize drunkenness, or any of the evils they complain of. As a reformation of this statement, I was to enter in evidence a document by Lord D'Abernon, chairman of the Central Board of Control of the Liquor Traffic of England. He says: 'No belief is that under a rational intelligent system of regulation, three-fourths of the drunkenness which prevailed would never exist again.'

"It might be made almost impossible," he says, "for the habitual drunkard to obtain more than was good for him and the occasional drunkard could be largely eliminated, if every little is done for the drunkard today—think he has a real grievance. These are results which might flow from the suppression of unnecessary houses and foolish expenditures. Intoxicating liquor needs no artificial pushing to command a steady sale and lucrative trade."

Favor Regulation.
"Now, here is the testimony of a man who is in a position to speak authoritatively, who is chairman of the board whose drink bill is one hundred eighty-six million pounds annually, or nine hundred thirty million dollars, who says regulation and limitation, not elimination, will cure all the ills complained of, and with the cooperation of the liquor dealers, bring about all the necessary reforms of an enlightened, intelligent and progressive people."

In 1914, when the French government prohibited the manufacture of absinthe, provision was made for compensation, and on February 19, 1915, in the midst of a great war, the chamber of deputies passed a measure appropriating 14,500,000 francs as indemnity to the absinthe distillers and dealers."

"In Switzerland a federal decree provided for the payment of indemnities not only to the manufacturers, but to the employees, in carrying out the federal law of June 24, 1910, on prohibition of absinthe. The decree provided for indemnifying the owners and tenants (farmers) of land on which absinthe is cultivated for the purpose of distillation. Second, the owners and leaseholders of absinthe factories. Third, the paid hands who are employed by the cultivators, as well as the employees and laborers of the manufacturers."

In 1911, the government of Portugal in prohibiting the manufacture of rum in Portuguese West Africa provided a plan whereby the planters who made rum were compensated—the indemnity was fixed at \$270,000."

"The American people are scrupulous, less just, less honest, than the people of England, or of France, or of Switzerland, or of Portugal." In the final analysis this question of compensation is a question of honesty. Therefore, I have firm faith when the issue is fairly raised and squarely met, the legislators, judges, and citizens of our country will act in the right spirit and will agree to pay, and will pay, for what they take."

As between regulation or compensation, it will depend on whether the American people feel that they require a conservator, either self-appointed or by law or whether they feel they can control themselves and that each man is able to regulate his own conduct in matters of eating and drinking."

Slap at Bryan.
Criticism former Secretary of State Bryan, Mr. Woolner said that Mr. Bryan was "strong for reform for revenue only." He quoted Mr. Bryan as having said that "Alcohol is a poison which impairs the strength of the body and vigor of the mind and mends the morals of men." Commenting on this Mr. Woolner said:

"That alcohol is not a poison in this sense is a fact that has been supported by many of the highest medical authorities. Indeed one authority has emphatically declared that the whole scientific basis of the prohibition movement has been found worthless. However, we do not have to go for medical authorities for any answers to this question, as doctors, including the ablest, are ever at variance. The real answer lies in the innumerable generations which have used alcohol in one form or another since the earliest times."

AMERICAN NEGLECT TO PUT PROPER POSTAGE ON MAIL TO FOREIGN PORTS

[SPECIAL TO THE GAZETTE.]

Washington, May 8.—Some idea of the extent to which Americans, through negligence or ignorance, place insufficient postage on letters and parcels post mail destined to foreign countries is disclosed in reports from the state department from American consuls abroad who frequently voice the protests of foreign business men and others at having to "buy their American mail." A recent report from Consul Loom at Hamilton, Bermuda, shows that more than 20 per cent of Bermuda's 1914 postal surplus came from penalties collected because of underpaid postage on letters and parcels mail. The penalties aggregated \$2,800. The letters instead of being prepaid at the usual foreign letter rate of five cents an ounce bore two-cent stamps, and their recipients in Bermuda paid double the amount of the deficiency, or six cents, as penalty.

The same condition prevails in many other foreign countries and postal authorities here have sought in every way to bring it to the attention of Americans carrying on foreign correspondence.

NEW JERSEY MAN GIVEN STRANGE REQUEST IN WILL

[SPECIAL TO THE GAZETTE.]

Cloisboro, N. J., May 8.—Frank H. Canning of Cloisboro is making arrangements to take possession of the \$200,000 which he has been informed was bequeathed to him by Mrs. J. T. Elkins of Detroit, for defending her in a street car in Westchester. For several years ago, Mrs. Elkins was the widow of a wealthy ranch owner and was formerly Miss Irene Chadley. When Canning saved the group involving her, he drew a revolver and forced her to leave the car.

NAME TEN METHODS OF PREVENTING FIRES

National Fire Protective Association Hold Meeting in Chicago—Measures Advocated.

[BY ASSOCIATED PRESS.]

Chicago, May 8.—The measures to be advocated by the National Fire Protective Association in its warfare against the needless sacrifice of human lives and property by fire were introduced in the form of resolutions at the annual meeting of the association today. The measures proposed are:

1. The adoption by municipalities of the standard building code of the National Board of Fire Underwriters. Construction may be encouraged, the use of inflammable roof coverings prohibited, adequate exit facilities from buildings assured or made so designed and fire-stopped as to make easy the extinguishment of fires therein.

2. The adoption by all states of minimum building requirements for the protection of state and county hospitals, asylums and similar institutions outside city limits, and of small communities in which the establishment and enforcement of a building code is impracticable.

3. The enactment by each state of the fire marshal law advocated by the Fire Marshals' Protective Association of North America, and that official investigation may be made of the causes of all fires, preventable fires may be eliminated by public education, and the crime of arson stamped out.

4. The adoption of the association's suggested ordinance providing for the systematic inspection of all buildings by city fire marshals or local firemen to insure the vigorous enforcement of rules for cleanliness, good housekeeping, and the maintenance of safe and unobstructed exits, fire-fighting apparatus and other protective devices.

5. The enactment of an ordinance similar to that of Cleveland, O., fixing the cost of extinguishing preventable fires upon citizens disregarding fire prevention orders, and a more general legal recognition of the common law principle of personal liability for damage resulting from fires and due to carelessness or neglect.

6. The wider general use of the automatic sprinkler as a fire extinguishing agent and life saver and the more general adoption of the fire division as an important life saving facility.

7. A careful study of the technical surveys of cities made by the engineers of the committee on fire prevention of the National Board of Fire Underwriters covering the items of water supplies, their adequacy and reliability; fire department efficiency; fire alarm systems and configuration; hazards and the possibility of cooperation among neighboring cities through mutual aid and the standardization of hose couplings.

8. The adoption of the association's suggested laws and ordinances for state and municipal regulation of the transportation, storage and use of inflammable liquids and explosives.

9. The universal adoption and use of the safety match and legislation prohibiting smoking in all parts of factories, industrial and mercantile buildings except in such designated rooms as may be especially approved for the purpose by fire departments.

10. The education of children and the public generally in careful habits regarding the use of fire.

POSSIBLY THIS CITY COULD OBTAIN POINTERS ON VAGRANCY PROBLEM

[SPECIAL TO THE GAZETTE.]

Bellevue, O., May 9.—If you have tramps or vagabonds you don't want, just put them on the train for Bellevue. They'll be cheerfully received. The new official system here makes the advent of a few "boes" a joyous occasion.

The bum is a municipal asset to Bellevue. Here are a few of the things they have done for the town of 6,000 souls:

Polished the streets; carried off the rubbish from every back yard; put the baseball diamond in fine condition, and started a sewer system for the city. After the sewer is completed they'll be put to work paving new streets.

The nice thing about it all, the "boes" do these things willingly, cheerfully—after they've seen a stone pile. They are given their choice of the two.

Take the case of Banjo Charlie, two recently swung off a side door Pullman. While he got his "welcome" chalk mark on a gate post or back door, he was greeted by Chief of Police Charles Buckland, who said cheerfully:

"Come right up to the city hall and register. Glad to see you."

Banjo Charlie followed the line of least resistance.

"Want you to meet our mayor," said Buckland.

"Good morning judge," said Charlie suspiciously.

"Good morning," responded Mayor C. A. Amand, pleasantly. "Five and costs."

Then the new arrival got his first line of Bellevue's hospitality. He was waited into the combination jail, dining hall and kitchen.

"Here's the making," said Chief Buckland, thrusting into Charlie's paw some eggs, bacon and a skillet. A small stove was in the corner.

"Do I get my breakfast here?" queried Charlie, peevish.

"You certainly do," said Buckland. "You'll be doing lots of things for yourself before you leave."

After breakfast Charlie was led to the stone pile, and a ball and chain affixed to his leg, and a heavy sledge placed in his hands.

"Would you mind sweeping a little mud off the streets this morning?" Charlie was asked, casually.

"I'd dearly love to," was the prompt response.

All tramps are given eleven days as soon as approved. They are required to do their own cooking. Vags are allowed to sell junk gleaned from the rubbish carted away, and keep the money.

Send your vags to Bellevue!

BRADFORD

Bradford, May 8.—Harold Frost of Miss Arnold's school, was one of the winners in the township spelling contest held at Arvon Thursday afternoon.

A consignment of trout fry was received by H. Moehlenpaff of Clinton Saturday and placed in Turtle Creek.

Mrs. M. B. Johnson of Grand Forks, N. D., is visiting at the home of her parents, Mr. and Mrs. J. B. Smith.

J. Larson has rented his farm to Hans Peterson and will move to Clinton this fall, where they have purchased a new home.

A farewell reception was held at the home of Mr. and Mrs. Chris Hansen Saturday evening for their pastor, Rev. Neilson and family.

B. P. Irish has been enlarging and otherwise improving his farm buildings.

Mrs. Jesse Welliver and son, Dean, were visiting relatives in Beloit last week.

The traveling public greatly appreciate the repairs that have been made

upon the bridges of the town by Chairman John Waugh.

Van Rodaway is drawing lumber for a fine new barn to be built this season.

DEHAVAN

Delavan, May 9.—Mrs. Nettie C. Dickenson came from Sharon last Saturday to visit her sister, Mrs. Hannah Durkee.

Mr. and Mrs. Irving Lynch and children spent Sunday in Elkhorn, going over by auto.

The efficiency club held an interesting meeting with Mrs. Charles Hickson Thursday, May 4. An Arbor Day program was given and instrumental music furnished by Mrs. Robert Sturtevant.

Mr. and Mrs. Chester Stearns of East Delavan, visited the home folks, Mr. and Mrs. Thomas Knight on Sunday.

Mr. and Mrs. William Bloom of Belvidere are guests at the Durkee home. R. C. Pym and Miss Jessie Rosenkrantz and F. Newport and Miss Verna Call autored to Beloit and Rockford in the former's car Sunday.

The majority of the Delavan blacksmiths attended the convention held by members of that trade in Darien Sunday.

The work of dragging and preparing the ball diamond at the Springs was carried on Sunday by those interested.

COMMON AMERICAN BIRDS
INTERESTING INFORMATION ABOUT THEM SUPPLIED BY THE BUREAU OF BIOLOGICAL SURVEY OF THE UNITED STATES DEPARTMENT OF AGRICULTURE

BULLOCK'S ORIOLE
Icterus bullocki

Length, about eight inches. Our only oriole with top of head and throat black and cheeks orange.

Range: Breeds from South Dakota, Nebraska, and Kansas to the Pacific ocean and from southern Canada to northern Mexico; winters in Mexico.

Habits and economic status. In the West this bird takes the place occupied in the East by the Baltimore oriole. In food, nesting habits, and song the birds are similar. Both are migratory and remain on their summer range only some five or six months. They take kindly to orchards, gardens, and the vicinity of farm buildings and often live in villages and city parks. Their diet is largely made up of insects that infest orchards and gardens. When fruit trees are in bloom they are constantly busy among the blossoms and save many of them from destruction. In the food of Bullock's oriole beetles amount to 35 per cent and nearly all are harmful. Many of these are weevils, some of which live upon acorns and other nuts. Ants and wasps amount to 15 per cent of the diet. The black olive scale was found in 45 of the 163 stomachs examined. Caterpillars, with a few moths and pupae, are the largest item of food and amount to over 41 per cent. Among these were codling-moth larvae. The vegetable food is practically all fruit (19 per cent) and in cherry season consists largely of that fruit. Eating small fruits is the bird's worst trait, but it will do harm in this way only when very numerous.

The boys are planning on the first game of the season May 21, at Darien, with the Darien team.

L. P. Sutter went to Chicago this morning.

Mr. Mathews is building a new concrete walk in front of his residence on South Eighth street.

Mrs. Lottie Fiedler enjoyed a visit from her granddaughters, Ethelyn and Viola Jones, of Union Grove, on Sunday.

George Horton leaves here today for Canon City, Colorado.

Leander Loomer and daughter Cora went to Lima Center last Saturday. John Fleming went to Chicago this morning.

H. E. Beamsley and family took an extensive auto ride Sunday, going to Elkhorn in the forenoon and to Beloit in the afternoon.

Ed Van Velzer was a Milwaukee passenger this morning.

Bert Barthoff is in Portage, Wis., where he went this morning.

Mrs. Thomas Cavaney of Richmond, accompanied by Misses Agnes and Alma Malone of Johnson, spent Sunday at the home of Mr. and Mrs. James Cummings.

Miss Ella Thorpe and Miss Agnes Moran spent Saturday in Beloit.

Miss Irene Duggan, who is attending business school in Beloit, was at home over Sunday.

Miss Frances Cummings returned home Sunday, after spending three weeks sewing in Richmond.

Mr. and Mrs. M. Duggan entertained Miss Sarah Russell and brother and Mr. and Mrs. Frank Finley of Elkhorn on Sunday.

The Lutheran church in Richmond celebrated its twenty-fifth anniversary with special services last Sunday. Those from here attending were Mr. and Mrs. John Schmaling, Charles Schmaling and Louis Helling.

E. M. Evans and family motored to Beloit Sunday.

Mrs. Elizabeth Bauer of Chicago is visiting her grandmother, Mrs. A. H. Conklin.

Thomas Knight of Whitewater is visiting relatives here.

Milton Blackford went to Superior Saturday evening, expecting to bring his wife home, providing her health is improved enough to stand the journey.

Kiles Gertie Lawson of Beloit has been visiting at Mrs. C. Hickson's.

Evans Lloyd and sister Lillah and Shirley Gehring and a friend spent Sunday at Ralph Clark's, Beloit.

Rev. Father Goebel of Janesville attended the lecture in the Catholic church here Sunday evening on "Turkey and Greece," in which views were shown.

Aroused Enthusiasm.
Every community should form a cooperative dairy test association, and make a start for more enthusiasm and success.

A Question of Beauty
is always a question of complexion. With a perfect complexion you overcome nature's deficiencies.

Gouraud's Oriental Cream
renders to the skin a clear, refined, pearly white appearance - the perfect beauty. Healing and refreshing - Non-greasy.

Sent 10c. for trial size.
